

## Paul C Rizzo Associates

**Project:** Corporate Headquarters – Penn Center East

**Architect:** Peter Margittai Architects LLC

**Owner:** Paul C. Rizzo Associates

This international engineering and construction management firm engaged Shannon Construction as their Construction Manager to complete a New World Headquarters.

The lobby and feature wall blends the concept of layered earth work with open business practices. Custom lighting solutions designed by Shannon Construction provide a unique environment.

Chat areas at the end of each hallway provide a semi-private space for informal meetings while maintaining that harvesting daylight is prevalent throughout the space.

Project services review of multiple sites and preliminary budgets for each site management of M.E.P. design build process and introduction of specialized materials.
