Arslan Mamedov, GM, 412-736-0038

Completion and Cost: All Stores completed August 2014, Total Cost \$2.7M

Shannon Construction was selected to build-out 9 premium stores for Airest over 9 months. Shannon met critical deadlines.

This 10,000 SF build-out was an internationally coordinated effort, that include working in the busy and high security Pittsburgh Airmall. Millwork & fixtures arrived from Europe in pieces, had to be assembled, modified for US standards, and installed in short time frames.

Shannon was able to maximize the coordinated effort while still meet each individual brand's standards and needs.
