

Association of Theological Schools

Project: Association of Theological Schools Renovation

Architect: Allied ASID, Becky Jarold & Company

Reference: Chris Meinzer, ATS Sr. Dir. of Admin. and CFO,
T 412.788.6505, x232

Completion and Cost: Completed in 2014 - \$293,000

The organization that provides programs, services, research and accreditation to graduate schools of theology engaged Shannon Construction as their General Contractor to complete a renovation of their headquarters in RIDC Industrial Park.

Renovations included Shannon Construction completed 10,515 SF on time and within

budget. This space consisted of 60% private offices and 40% common space including: kitchens, boardroom, meeting rooms, storage rooms, library, and new entry/vestibule. Throughout the 3 phases of construction Shannon Construction ensured the Theological team could maintain a high level of productivity.

"Shannon not only offered the best value for our budget; they also were a delight to work with. Throughout the project, we were impressed with their positive can-do attitude in the face of the inevitable unforeseen challenges that arise in a major renovation and with their commitment to getting every detail completed to our satisfaction. The finished product was delivered on time and under budget. We love it!"...
